# THRISTAN DAVE BUMAGAT

Computer Science | CCNA: Introduction to Networks | CCNA: Switching, Routing, and Wireless Essentials

+63 927 0615 095 | Linkedin | thristandave12@gmail.com| GitHub | Portfolio

## Education

**Tarlac State University | 2024 - Present**

BS – Computer Science

## Technical Skills

**Languages & Core:** JavaScript, TypeScript, HTML5, CSS3, Python, PHP, Java, SQL

**Frameworks & Libraries:** React, Next.js, Express.js, Node.js, Tailwind CSS, Bootstrap

**Databases & BaaS:** Supabase, MySQL, MongoDB

**Developer Tools & Platforms:** Git, GitHub, Postman, NPM, Vercel, VS Code

## Career Objective

Motivated computer science student and freelance graphic designer with hands-on experience in branding, digital illustration, and layout design. Seeking projects where I can apply both my creative skillset and technical problem-solving abilities to produce high-quality visual outputs.

## Work Experience

**Freelance Web Developer –** 2025 - Present

**Programmers' Den –** Finance Team | Graphic Designer | 2025 - 2026

Tarlac State University | College of Computer Studies

**Junior Philippine Computer Society –** Graphic Designer | 2024 - 2025

Tarlac State University | College of Computer Studies

**Freelance Graphic Designer –** 2020 - Present

## Projects

**InstaFrame –** Web Application / Web Extension | Full-Stack Developer

- Eliminate the friction between viewport testing and client presentation. InstaFrame renders live responsive previews across mobile, tablet, and desktop viewports simultaneously, generating production-ready device mockups directly from the active tab in one click.

**Schedy –** Web Application | Full-Stack Developer

- A unified collaboration hub that merges shared calendar management with an integrated announcement board for seamless team coordination.

## Certifications

**CCNA: Switching, Routing, and Wireless Essentials** **July 21, 2026**

Switching, Routing, and Wireless Essentials course and achieved this student level credential.

**HTML Fundamentals - CodeCred** **April 16, 2026**

A comprehensive assessment of foundational HTML concepts, including structure, elements, and semantic markup. This certification confirms the ability to create accessible, well structured, and standards-compliant web pages, laying out the groundwork for dynamic content and web development.

**CCNA: Introduction to Networks – Cisco Networking Academy** **Feb 12, 2026**

The first is a three-course series to build your networking skills and get ready for CCNA certification and associate-level jobs.
